

Parents and Students,

The middle school teachers met at the end of the year to discuss supply needs for each class in order to reduce duplication and cost, and to keep the weight of the backpacks down! You will see that several 3-ring binders and notebooks are required for various classes and the teachers require that multiple subjects not be combined into one binder or notebook. The reasons for this are that some of these remain in the classrooms and are taken home only prior to quizzes or tests, while others are collected by teachers for grading. With the increasing integration of technology into the curriculum, it is necessary for each student to have a flash drive. Area stores regularly have sales and the cost should be reasonable.

**2011-2012 Supply List for Middle School Students**
