

Saint Joseph Regional School Our Lady of Mercy Academy

November 14, 2025

Confident in the Truth that all people are made in the image and likeness of God, the mission of Saint Joseph Regional School is to provide an education based upon the Catholic Intellectual Tradition and to instill in students God's greatest commands: to love the Lord your God with all your heart, with all your soul, and with all your mind, and to love your neighbor as yourself.

Dear SJRS families,

It is hard to believe that it is already the middle of November! We have begun our parent-teacher conferences and I wanted to point out something that we tried this year. I sent out an optional and simple 2 question pre-conference survey. The intention of the survey was to allow parents to share their hopes for their children and also tell us what was most important for them to know or learn in their conference. Ten to fifteen minutes can be very short and we want to make sure we are tuned in to the things that matter most to you. We certainly want our students to be seen, known and loved but the same goes for our parents!

Our Home and School Association Meeting was postponed but has been rescheduled for this coming **Monday, November 17th from 6-7pm in the Parish Hall at St. Bernard**

Church. Babysitting will be provided at SJRS for those who need it. At that meeting, I will start to share some of the internal structures and processes that we are looking at as a school and ways that we are simplifying and being more consistent as a team. I will also involve parents in the conversation about how our students gain independence and executive functioning skills as they go from one grade level to the next. What is the role of the student, the teacher, the parent at each stage? I'm looking forward to seeing many of you there!

In Christ,

Dr. Annie Pearson
Interim Principal

Book signing event at Toadstool Bookstore!
Sunday, November 23, 11am-12pm

This is a beautiful book which encourages adventure and relationship with your kids. As John Turner details through dozens of anecdotes in *Daddy Days*, the recipe for creating a healthy parent-child bond is not particularly complicated. Turner, a New Hampshire-based engineer, Christmas tree farmer, and indefatigable adventurer, offers his family's story about how one-on-one time shared between father and child--a concept he calls *Daddy Days*--has the power to transform family dynamics.

The author will donate \$10 to Parish of the Holy Spirit for each book sold at this event.

This week, Ms. McGuire's 3rd grade students completed their Solar System projects. They were each assigned planets in small groups. They researched their planets and wrote a two-paragraph report. They also made a planet-themed necklace and drew the planets with chalk in the parking lot. Then the OLMA high school students helped with the distances between the planets to scale.

After reading *Tony's Bread*, by Tomie dePaola, 3rd grade students learned about Italy and Italian culture with Madame Dutton. They tasted panettone, the Christmas bread that inspired the story.
